

BENONI FOUNDATION SCHOOL,
POST OFFICE BOX 38, BEGORO,
19TH FEBRUARY 2018.

Dear Madam Melanie,

Its a pleasure writing to you at this moment. For the first time communicating with you through letter writing, I wish to say am very glad. I know you are fine by God's grace.

Am looking forward in some few days to talk to you on phone as the reading class is in full flight.

I have been employed to continue the good work you initiated with Mr. Pascal when you came Ghana for a visit.

Infact, Mr. Frank has talked much about you to me as far as this program is concerned, and has never stopped mentioning your name, praising your good work.

Its a fact that I may not remain in Benoni school forever but I wish to pledge that I will do my best to help those who are weak in reading to live up to expectation as long as I remain in this school.

It will be interesting for you to see how some of the students who could not read when you were in Ghana now reading .

Obviously, there are some few setbacks especially as some of the members sometimes report late to class relating to water shortage as we are in the dry season, which I know will not last for long.

I can boldly say am up to the task because apart from what I had in me , I have gone through a lot of in – service training which were sponsored by Mr. Frank.

Also I have been given a lot of Teaching and Learning Materials comprising of books, cardboards and plastic alphabets, including what u left which help teaching to be easier.

I read your letter together with Mr. Frank and had the oportunity to enjoy some of the stories.

Your snowman was also interesting. The entire class were given oppourtuniy to have a look and made fun of it. As you can see on the letters from the children, they all decided to draw something for you to show their appreciation to your drawing.

I may not know the whereabouts of Mr. Pascal but extend my greeting to him. Tell him we are expecting your next visit to Ghana which we know shall come to pass.

Finally, I wish to assure you of my total commitment to the job which is very essential as far as learning is concerned.

Thank you very much for your vision and may God abundantly bless you.

Am Miss Andrena Asare.
